Summary

I am a B.Tech Computer Science and Engineering student at GLA University , My studies have provided me with solid proficiency in essential computer science areas . My academic journey has equipped me with a solid understanding of various programming languages as well as web development technologies like ,Hyper Text Markup Language (HTML), Cascading Style Sheet (CSS) , and Java Script (JS) , etc . I am eager to further my expertise through internships and collaborative projects. My goal is to leverage my skills to contribute to innovative and impactful solutions in the tech industry . In addition to my technical abilities, I have strong analytical, problem-solving, and teamwork skills, developed through coursework and extracurricular activities. I am excited to connect with professionals and peers in the tech community, and I am always open to learning about new opportunities and challenges. Let’s connect and explore how we can collaborate to drive technological advancements.
